**Automate the Boring Stuff with Python, 2nd Edition** - Al Sweigart 2019-11-12

The second edition of this best-selling Python book (over 500,000 copies sold!) uses Python 3 to teach even the technically uninclined how to write programs that do in minutes what would take hours to do by hand. There is no prior programming experience required and the book is loved by liberal arts majors and geeks alike. If you've ever spent hours renaming files or updating hundreds of spreadsheet cells, you know how tedious tasks like these can be. But what if you could have your computer do them for you? In this fully revised second edition of the best-selling classic Automate the Boring Stuff with Python, you'll learn how to use Python to write programs that do in minutes what would take you hours to do by hand--no prior programming experience required. You'll learn the basics of Python and explore Python's rich library of modules for performing specific tasks, like scraping data off websites, reading PDF and Word documents, and automating clicking and typing tasks. The second edition of this international fan favorite includes a brand-new chapter on input validation, as well as tutorials on automating Gmail and Google Sheets, plus tips on automatically updating CSV files. You'll learn how to create programs that effortlessly perform useful feats of automation to:

- Search for text in a file or across multiple files
- Create, update, move, and rename files and folders
- Search the Web and download online content
- Update and format data in Excel spreadsheets of any size
- Split, merge, watermark, and encrypt PDFs
- Send email responses and text notifications
- Fill out online forms

Step-by-step instructions walk you through each program, and updated practice projects at the end of each chapter challenge you to improve those programs and use your newfound skills to automate similar tasks. Don't spend your time doing work a well-trained monkey could do. Even if you've never written a line of code, you can make your computer do the grunt work. Learn how in Automate the Boring Stuff with Python, 2nd Edition.

**Reimagining the Ignatian Examen** - Mark E. Thibodeaux 2014-12-15

Following the example of St. Ignatius, we believe that praying the Examen will lead to a better life. The 500-year-old daily practice of honest self-assessment and reflection is a founding principle of Ignatian spirituality. What we don't know is if St. Ignatius ever felt like changing it up a bit. Jesuit speaker and author Mark Thibodeaux, SJ, is confident that St. Ignatius wouldn't mind a little flexibility in his prayer. Join Thibodeaux as he guides you through new and unique versions of the Examen, totally flexible and adaptable to your life. In ten minutes, you can tailor your daily prayer practice to fit your personal and situational needs, further enhancing and deepening your meditation. Reimagining the Ignatian Examen—the only book of its kind—will lead you through a fresh and stimulating reflection on your past day, your present state of being, and your spiritual desires and needs for tomorrow.

**The Book of Basketball** - Bill Simmons 2010-12-07

NEW YORK TIMES BESTSELLER • The NBA according to The Sports Guy—now updated with fresh takes on LeBron, the Celtics, and more! Foreword by Malcom Gladwell • “The work of a true fan . . . it might just represent the next phase of sports commentary.”—The Atlantic Bill Simmons, the wildly opinionated and thoroughly entertaining basketball addict known to millions as ESPN's The Sports Guy, has written the definitive book on the past, present, and future of the NBA. From the age-old question of who actually won the rivalry between Bill Russell and Wilt Chamberlain to the one about which team was truly the best of all time, Simmons opens—and then closes, once and for all—every major pro basketball debate. Then he takes it further by completely reevaluating not only how NBA Hall of Fame inductees should be chosen but how the institution must be reshaped from the ground up, the result being the Pyramid: Simmons's one-of-a-kind five-level shrine to the ninety-six greatest players in the history of pro basketball. And ultimately he takes fans to the heart of it all, as he uses a conversation with one NBA great to uncover that coveted thing: The Secret of Basketball. Comprehensive, authoritative, controversial, hilarious, and impossible to put down (even for Celtic-haters), The Book of Basketball offers every hardwood fan a courtside seat beside the game's finest, funniest, and fiercest chronicler.

**A Seniors Guide to iPhone 13** - Scott La Counte 2021-09-25

Learn how to use the iPhone 13 Remember when phones actually called people? They still do that, obviously, but they do so much more today! They keep track of your health. They help you stay in touch with your family in innovative ways. They let you watch movies. And, for some of us, they let us play games while we are supposed to be doing something else! Mostly, they make the things we do every day a little easier-and that's especially true on the iPhone 13 and iPhone 13 Pro. You probably know some of the many things the iPhone does, but do you know how to actually do them? This guide will show you features you might not even know about, and, of course, how to use them. Along the way, I try to keep things on the lighthearted side-my intent is not to give you a stuffy technical guide that can also be used as a doorstop, but to help you enjoy learning and make you excited about all the things you can do. Some of the things you will learn in this book include: What's new to iOS 15 Using an iPhone that doesn't have a Home button Using Face ID Cinematic Mode AirTags How to use Picture in Picture for movies and TV shows How to add widgets to your Home screen Organizing apps with the App Library Buying, removing, rearranging, updating apps MagSafe Taking, editing, organizing and sharing photos Apple Services (Apple Music, Apple TV+, Apple Card, iCloud, and Fitness+) Using Siri Using pre-installed apps like Notes, Calendar, Reminders, and more Making phone calls and sending messages And much, much more! Are you ready to start enjoying your new iPhone? Then let's get started! Note: This book is not endorsed by Apple, Inc and should be considered unofficial.

*The One Device* - Brian Merchant 2017-06-20

The secret history of the invention that changed everything-and became the most profitable product in the world. NATIONAL

BESTSELLERShortlisted for the Financial Times Business Book of the Year Award One of the Best Business Books of 2016 - CNBC, Bloomberg, 1-800-CEO-Read "The One Device is a tour de force, with a fast-paced edge and heaps of analytical insight." -Ashlee Vance, New York Times bestselling author of Elon Musk "A stunning book. You will never look at your iPhone the same way again." -Dan Lyons, New York Times bestselling author of Disrupted Odds are that as you read this, an iPhone is within reach. But before Steve Jobs introduced us to "the one device," as he called it, a cell phone was merely what you used to make calls on the go. How did the iPhone transform our world and turn Apple into the most valuable company ever? Veteran technology journalist Brian Merchant reveals the inside story you won't hear from Cupertino-based on his exclusive interviews with the engineers, inventors, and developers

who guided every stage of the iPhone's creation. This deep dive takes you from inside One Infinite Loop to 19th century France to WWII America, from the driest place on earth to a Kenyan pit of toxic e-waste, and even deep inside Shenzhen's notorious "suicide factories." It's a firsthand look at how the cutting-edge tech that makes the world work-touch screens, motion trackers, and even AI-made their way into our pockets. The One Device is a roadmap for design and engineering genius, an anthropology of the modern age, and an unprecedented view into one of the most secretive companies in history. This is the untold account, ten years in the making, of the device that changed everything.

iPhone SE for Seniors - Scott La Counte 2020-04-24

New to iPhone SE? This user guide has you covered! The iPhone SE is the newest (and cheapest) iPhone on the market. So it's got to be a lemon, right? Only if you like lemonade! The iPhone SE is already being hailed as the best budget phone on the market. True, it doesn't have the same hardware as the high-end iPhones that cost over \$1,000--but depending on the type of user you are, it may not even matter. If you are a little overwhelmed with everything the iPhone can do, this book will simplify it for you. It's not going to cover everything--if you want to set up a private network or iMAP / POP email account, then keep walking! If you are saying: what is iMAP? Then this book is just for you! The emphasis of the book are the things you'll want to do--like take pictures of your grandkids! Not all those little things that you would never use even if you understood it. It covers things like taking photos. And how to Use Facetime with grandkids. This book walks you through what you need to know step-by-step, and also helps you understand how it's different from other iPhones. It covers only what most people want to know--so you don't have to comb through hundreds of pages of tech-speak just to find out how to do a common feature. Some of the many topics it covers: What's new to iOS 13 Buying, removing, rearranging, updating apps Taking, editing, organizing and sharing photos Apple Services (Apple Music, Apple TV+, Apple Card, iCloud) Using Siri Using pre-installed apps like Notes, Calendar, Reminders, and more Making phone calls and sending messages AirPods And much, much more! This book is based on the book "Getting Started with the iPhone SE" but includes an expanded section on accessibility (like how to make text easier to see). Are you ready to start enjoying your new iPhone? Then let's get started!

*The Second Sleep* - Robert Harris 2019-11-19

From the internationally best-selling author of *Fatherland* and the *Cicero Trilogy*--a chilling and dark new thriller unlike anything Robert Harris has done before. 1468. A young priest, Christopher Fairfax, arrives in a remote Exmoor village to conduct the funeral of his predecessor. The land around is strewn with ancient artefacts--coins, fragments of glass, human bones--which the old parson used to collect. Did his obsession with the past lead to his death? Fairfax becomes determined to discover the truth. Over the course of the next six days, everything he believes--about himself, his faith, and the history of his world--will be tested to

destruction.
