April MacMillan is drunk, standing on the roof of Three River Terrace seven stories up, ready to jump to her death, when she remembers Camelia. Will the truth about Camelia save her? Or will it lead her back to the roof?

[The Confounding of Camelia](#) - Anne Douglas Sedgwick 2022-06-02

"The Confounding of Camelia" by Anne Douglas Sedgwick is a novel about a young woman, Camelia. The story is based on interpersonal

relationships and the social life of England in the 19th century. Excerpt: "WHEN Camelia came down into the country after her second London season, descended lightly upon the home of her forefathers, her coming unannounced, and as much a matter of caprice as had been her long absence, a slowly growing opinion, an opinion that had begun to form itself during Camelia's most irresponsible girlhood, became clearly defined, a judgment fixed and apparently irrevocable. The Patons had always been good, quiet people; absolutely undistinguished, were it not that the superlative quality of their tranquil excellence gave a certain distinction. "
