Traffic Secrets - Russell Brunson 2020-03-26
Master the evergreen traffic strategies to fill your website and funnels with your dream customers in this timeless book from the \$100M entrepreneur and co-founder of the software company ClickFunnels. The biggest problem that most entrepreneurs have isn't creating an amazing product or service; it's getting their future customers to discover that they even exist. Every year, tens of thousands of businesses start and fail because the entrepreneurs don't understand this one essential skill: the art and science of getting traffic (or people) to find you. And that is a tragedy. *Traffic Secrets* was written to help you get your message out to the world about your products and services. I strongly believe that entrepreneurs are the only people on earth who can actually change the world. It won't happen in government, and I don't think it will happen in schools. It'll happen because of entrepreneurs like you, who are crazy enough to build products

and services that will actually change the world. It'll happen because we are crazy enough to risk everything to try and make that dream become a reality. To all the entrepreneurs who fail in their first year of business, what a tragedy it is when the one thing they risked everything for never fully gets to see the light of day. Waiting for people to come to you is not a strategy. Understanding exactly WHO your dream customer is, discovering where they're congregating, and throwing out the hooks that will grab their attention to pull them into your funnels (where you can tell them a story and make them an offer) is the strategy. That's the big secret. Traffic is just people. This book will help you find YOUR people, so you can focus on changing their world with the products and services that you sell.

Simmie With Secrets - Arlene L. Williams
2012-07-17

Clare lives in an alley shack in Chicago's poorest ward in 1894. She sews buttons and hems for

Mr. Jones, the sweat boss, and only has a few pennies left to buy bread. Her mother has gone away. Clare doesn't know where or when she's coming back, but she is about to stumble upon a mystery that could change her life forever. It all begins with Simmie, her ragged doll, and a taffy tin full of secrets. A historical mystery about a girl who must solve the mystery of who she really is and what has happened to her mother who has gone missing.

Dying for an iPhone - Jenny Chan 2020-06-02
Suicides, excessive overtime, and hostility and violence on the factory floor in China. Drawing on vivid testimonies from rural migrant workers, student interns, managers and trade union staff, *Dying for an iPhone* is a devastating expose of two of the world's most powerful companies: Foxconn and Apple. As the leading manufacturer of iPhones, iPads, and Kindles, and employing one million workers in China alone, Taiwanese-invested Foxconn's drive to dominate global electronics manufacturing has aligned perfectly

with China's goal of becoming the world leader in technology. This book reveals the human cost of that ambition and what our demands for the newest and best technology means for workers. Foxconn workers have repeatedly demonstrated their power to strike at key nodes of transnational production, challenge management and the Chinese state, and confront global tech behemoths. Dying for an iPhone allows us to assess the impact of global capitalism's deepening crisis on workers.'

Working Backwards - Colin Bryar 2021-02-09
Working Backwards is an insider's breakdown of Amazon's approach to culture, leadership, and best practices from two long-time Amazon executives—with lessons and techniques you can apply to your own company, and career, right now. In *Working Backwards*, two long-serving Amazon executives reveal the principles and practices that have driven the success of one of the most extraordinary companies the world has ever known. With twenty-seven years of Amazon

experience between them—much of it during the period of unmatched innovation that created products and services including Kindle, Amazon Prime, Amazon Studios, and Amazon Web Services—Bryar and Carr offer unprecedented access to the Amazon way as it was developed and proven to be repeatable, scalable, and adaptable. With keen analysis and practical steps for applying it at your own company—no matter the size—the authors illuminate how Amazon’s fourteen leadership principles inform decision-making at all levels of the company. With a focus on customer obsession, long-term thinking, eagerness to invent, and operational excellence, Amazon’s ground-level practices ensure these characteristics are translated into action and flow through all aspects of the business. Working Backwards is both a practical guidebook and the story of how the company grew to become so successful. It is filled with the authors’ in-the-room recollections of what “Being Amazonian” is like and how their time at

the company affected their personal and professional lives. They demonstrate that success on Amazon’s scale is not achieved by the genius of any single leader, but rather through commitment to and execution of a set of well-defined, rigorously-executed principles and practices—shared here for the very first time. Whatever your talent, career or organization might be, find out how you can put Working Backwards to work for you.

Entrepreneurship and Small Business - Paul Burns 2016-03-18

The new edition of this market-leading textbook provides a holistic introduction to the academic study of entrepreneurship and offers practical guidance for prospective entrepreneurs. Adopting a life-cycle view of a business from start-up to maturity, it explores the many stages and forms of entrepreneurship. With an international outlook and expert synthesis of both theoretical foundations and lessons from real-life business practice, the book offers a

complete course guide, fostering entrepreneurial talent, thinking and skills. The author's engaging style and unrivalled expertise drawn from a long-ranging career (as an academic, accountant and entrepreneur) make the book accessible and authoritative. This is an ideal textbook for those studying Entrepreneurship or Small Business on undergraduate business or management degree courses, as well as on MBA programmes. It will also appeal to those looking to launch their own businesses. New to this Edition: - Updated international case studies from entrepreneurs and small businesses, ranging from Oman to Australia - First-hand, detailed stories from real-life entrepreneurs in brand new video interviews integrated throughout the text - Increased and integrated coverage of social and civic enterprise and hot topics such as effectuation and lean entrepreneurship

[Home on the Ranch: Montana Christmas Secrets](#)

- Karen Rose Smith 2019-11-05

Hearts under wraps The Maverick's Holiday

Surprise by Karen Rose Smith Cowboy Hudson Jones will do anything for family. So when his brother asks him to oversee a day-care center, he agrees. Thankfully Bella Stockton is there to help out. The capable day-care manager intrigues Hudson, but she's keeping him at arm's length. When he finds out the truth about Bella, will it still be a holiday to remember? The Cowboy's Christmas Bride by Patricia Johns Ever since Andy Granger sold his piece of the family ranch to developers, the community can't forgive him. He's only back to run a cattle drive for his brother. Now the developers have cut off water to Dakota Mason's neighboring ranch, and Dakota joins the ride to help pay the bills. Dakota has every reason to hate him, but Andy may surprise everyone...including himself.

Inside Apple - Adam Lashinsky 2012

Based on numerous interviews, the book reveals exclusive new information about how Apple innovates, deals with its suppliers, and is handling the transition into the Post Jobs Era.

While INSIDE APPLE provides a detailed investigation into the unique company, its lessons about leadership, product design and marketing are universal.

Secrets in the Dark - Frederick Buechner
2007-03-13

Frederick Buechner has long been a kindred spirit to those who find elements of doubt as constant companions on their journey of faith. He is a passionate writer and preacher who can alter lives with a simple phrase. Buechner's words, both written and spoken, have the power to revolutionize and revitalize belief and faith. He reveals the presence of God in the midst of daily life. He faces and embraces difficult questions and doubt as essential components of our lives, rather than as enemies that destroy us. "Listen to your life!" is his clarion call. This theme pervades this definitive collection of sermons, delivered throughout Buechner's lifetime. Presented chronologically, they provide a clear picture of the development of his

theology and thinking. Reflecting Buechner's exquisite gift for storytelling and his compassionate pastor's heart, *Secrets in the Dark* will inspire laughter, hope, and bring great solace. Turn the pages and rediscover what it means to be thoughtful about faith. See why this renowned writer has been quoted in countless pulpits and beloved by Americans for generations.

Secrets about Guys - Grace Dove 2005
Secrets About Guys delivers the scoop—on modesty, inward and outward beauty, competition between guys and girls, possessiveness, what turns guys off, why they want to be heroes, and more—straight from guys.

Secrets Under the Apple Tree - Anne Pinchera
2022-04-14

About Secrets under the Apple Tree is the first in a series of books targeting children ages twelve and up. It is written as a mystery designed to entertain as well as challenge the thinking skills of young readers. This book takes place in a small town in Upstate New York. The area is predominantly a farming community rich in growing fine New York State apples and grapes. Although this book does not discuss much about the farming industry or its growing apples, grapes, or other products, the book sets

the foundation for future readings with mystery overtones. The main characters in the book are two boys. Corey spent the majority of his young years in New York City and coming up to the country to spend summers with his grandparents. Bobby was born and raised in a small town and is very curious in nature. The story is centered on the family relocating from big city life, coming back to the family roots, and a friendship between the boys' fathers that dates back to Tom Albright and the now chief of police's youth. The boys get involved with a note and map dating back years. Believing it is something their fathers buried years ago, they set out to solve the mysterious game set before them. Instead, what they find is something that involves the whole town dating back decades.
Creative Selection - Ken Kocienda 2018-09-04
* WALL STREET JOURNAL BESTSELLER * An insider's account of Apple's creative process during the golden years of Steve Jobs. Hundreds of millions of people use Apple products every

day; several thousand work on Apple's campus in Cupertino, California; but only a handful sit at the drawing board. Creative Selection recounts the life of one of the few who worked behind the scenes, a highly-respected software engineer who worked in the final years of the Steve Jobs era—the Golden Age of Apple. Ken Kocienda offers an inside look at Apple's creative process. For fifteen years, he was on the ground floor of the company as a specialist, directly responsible for experimenting with novel user interface concepts and writing powerful, easy-to-use software for products including the iPhone, the iPad, and the Safari web browser. His stories explain the symbiotic relationship between software and product development for those who have never dreamed of programming a computer, and reveal what it was like to work on the cutting edge of technology at one of the world's most admired companies. Kocienda shares moments of struggle and success, crisis and collaboration, illuminating each with lessons

learned over his Apple career. He introduces the essential elements of innovation—inspiration, collaboration, craft, diligence, decisiveness, taste, and empathy—and uses these as a lens through which to understand productive work culture. An insider's tale of creativity and innovation at Apple, Creative Selection shows readers how a small group of people developed an evolutionary design model, and how they used this methodology to make groundbreaking and intuitive software which countless millions use every day.

Always Day One - Alex Kantrowitz 2020-04-07
"This is a terrific book" - Kara Swisher An acclaimed tech reporter reveals the inner workings of Amazon, Facebook, Google, Apple, and Microsoft, showing how to compete with the tech titans using their own playbook. At Amazon, "Day One" is code for inventing like a startup, with little regard for legacy. Day Two is, in Jeff Bezos's own words, "stasis, followed by irrelevance, followed by excruciating, painful

decline, followed by death." Most companies today are set up for Day Two. They build advantages and defend them fiercely, rather than invent the future. But Amazon and fellow tech titans Facebook, Google, and Microsoft are operating in Day One: they prioritize reinvention over tradition and collaboration over ownership. Through 130 interviews with insiders, from Mark Zuckerberg to hourly workers, Always Day One reveals the tech giants' blueprint for sustainable success in a business world where no advantage is safe. Companies today can spin up new products at record speed -- thanks to artificial intelligence and cloud computing -- and those who stand still will be picked apart. The tech giants remain dominant because they've built cultures that spark continual reinvention. It might sound radical, but those who don't act like it's always day one do so at their own peril. Kantrowitz uncovers the engine propelling the tech giants' continued dominance at a stage when most big companies begin to decline. And

he shows the way forward for everyone who wants to compete with--and beat--the titans. [Explain the Cloud Like I'm 10](#) - Todd Hoff
2017-10-03

What is the cloud? Discover the secrets of the cloud through simple explanations that use lots of pictures and lots of examples. Why learn about the cloud? It's the future. The cloud is the future of software, the future of computing, and the future of business. If you're not up on the cloud the future will move on without you. Don't miss out. Not a geek? Don't worry. I wrote this book for you! After reading [Explain Cloud Like I'm 10](#), you will understand the cloud. That's a promise. How do I deliver on that promise? I'll let you in on a little secret: the cloud is not that hard to understand. It's just that nobody has taken the time to explain it properly. take the time. I go slow. You'll learn step-by-step; one idea at a time. You'll learn something new no matter if you're a beginner, someone who knows a little and wants to know more, or someone

thinking about a career change. In *Explain Cloud Like I'm 10*, you'll discover:

- How the cloud got its name. A more interesting story than you might think.
- An intuitive picture based definition of the cloud.
- What it means when someone says a service is in the cloud.
- If stormy weather affects cloud computing.
- How the internet really works. Most people don't know. You will.
- The real genius of cloud computing. Hint: it's not the technology.
- The good, the bad, and the ugly of cloud computing.
- How cloud computing changed how software is made—forever.
- Why Amazon AWS became so popular. Hint: it's not the technology.
- What happens when you press play on Netflix.
- Why Kindle is the perfect example of a cloud service.
- The radically different approaches Apple and Google take to the cloud.
- How Google Maps and Facebook Messenger excel as cloud applications.
- Cloud providers are engaging in a winner-take-all war to addict you to their ecosystems.
- Key ideas like: VM, serverless,

container, IaaS, PaaS, SaaS, virtualization, caching, ISP, OpEx, CapEx, network, AMI, EC2, S3, CDN, elastic computing, datacenter, and cloud-native. And so much more. Sound like gobbledygook? Don't worry! It will all make sense. I've been a programmer and a writer for over 30 years. I've been in cloud computing since the beginning, and I'm here to help you on your journey to understand the cloud. Consider me your guide. I'll be with you every step of the way. Sound fun? Buy *Explain Cloud Like I'm 10* and let's get started learning about the cloud today!

Secrets in the Magic Valley - Robert Stever
2003-09-22

"Secrets in the Magic Valley" is a novel based on real places and special people. It's alive with ideas and thoughts that explore the universe of a curious mind. The story links an escape from a grimy, polluted town in Appalachia to a pristine valley in the Pacific Northwest where mysteries unfold. In this valley harmony breeds harmony.

The valley reveals secrets such as rare plants and animals sequestered since the last ice age 10,000 years ago. Existing hot springs, natural wonders, and gold nuggets add to the intrigue and mystery. But it has other secrets as well. The ultimate secret climaxes the book. Three characters tell their stories--represented by youth, middle age, and older age--of growth into wisdom and experience, each making a difference in the lives of the others. It has been endorsed by Wilfred (Billy) Hopkins, author of four top selling books in the UK. "When it comes to writing beautiful prose, I have to take my hat off to you. Your descriptions are superb, lyrical and even poetic. Your dedication and love of the environment shines through. I liked your use of symbolism. The book has a rich philosophical vein running through it as well as beautiful analogies. A lot of dramatic surprises also keep the reader engaged. Dialogue runs smoothly throughout. It's a book that deserves a second reading in order to capture its full significance."

Wilfred Hopkins

Speed Secrets 5 - Ross Bentley 2006

To succeed in any form of racing, a driver must be more than fast. In today's ultra-competitive motorsports scene, where there's competition for financial support as well as for checkered flags, a racer must have a full complement of on- and off-track skills. To become a champion, a driver must augment his or her racing, testing, and physical skills with traits and skills such as mental toughness, marketing savvy, and career-building abilities. *Speed Secrets 5: The Complete Driver* is the first handbook for the aspiring professional or ambitious amateur racer. It provides insights that will help aspiring racers reach their full potential in their quest to become well-rounded racers.

[The Apple Experience: Secrets to Building Insanely Great Customer Loyalty](#) - Carmine Gallo
2012-04-13

Praise for THE APPLE EXPERIENCE "There are three pillars of enchantment: likability,

trustworthiness, and quality. The Apple experience is the best modern-day example of all three pillars. Carmine's book will help you understand and implement the same kind of world-class experience." --Guy Kawasaki, author of *Enchantment* and former chief evangelist of Apple "Carmine Gallo explains beautifully and simply just what makes the Apple retail experience so successful. No matter what kind of business you are in, there are insanely valuable lessons in this book!" --Garr Reynolds, author of *Presentation Zen* and *The Naked Presenter* "At its core, this book is not about Apple. It's about delivering the best experience possible." --Tony Hsieh, New York Times bestselling author of *Delivering Happiness* and CEO of Zappos.com, Inc. "An exciting resource for any business owner in any country who wants to reimagine the customer experience." --Loic Le Meur, CEO, LeWeb "Why can't other retail experiences be as great as an Apple store's? Not only does Carmine Gallo answer that question brilliantly,

but he shows precisely how to make sure your customers never ask it about your business." --Matthew E. May, author of *In Pursuit of Elegance* and *The Laws of Subtraction* "Carmine Gallo gets to the magic of Steve Jobs: Touching people's lives. This simple, yet delightful vision should be at the heart of every retail interaction in the world today." --Peter Steinlauf, Chairman, Edmunds.com "This magnificent collection of insights illuminates the way for anyone who wants to create a truly great experience, whether in retail, service, or software. " --Dan Roam, author of *The Back of the Napkin* and *Blah Blah Blah Reinvent your business to deliver Apple-like customer satisfaction and profits* In *The Apple Experience*, internationally bestselling author Carmine Gallo details the principles and practices behind this total commitment to the customer and explains how your brand can achieve outstanding results by delivering this same high standard of service. Carmine Gallo interviewed professionals at all levels who have

studied Apple, and he spent hundreds of hours observing the selling floor in Apple's retail space and learning about Apple's vision and philosophy. Using insights and data from these sources, he breaks down Apple's customercentric model to provide an action plan with three distinct areas of focus: Inspire Your Internal Customer with training, support, and communications that create a "feedback loop" for improving performance at every level Serve Your External Customer with irresistible brand stories and dedicated salespeople who embody the APPLE five steps of service-- Approach, Probe, Present, Listen, End with a fond farewell Set the Stage by ensuring that no element is overlooked in creating an immersive retail environment where customers can see, touch, and learn about your products With The Apple Experience, you can improve the return on your investment in retail by adding real value to every customer interaction. Better still, any business that deals with people--employees or customers--

can adopt the techniques to achieve Apple-like market dominance by enriching lives, building loyalty, and reimagining the customer experience. -

The Code Book: The Secrets Behind

Codebreaking - Simon Singh 2003-08-12

"As gripping as a good thriller." --The Washington Post Unpack the science of secrecy and discover the methods behind cryptography-- the encoding and decoding of information--in this clear and easy-to-understand young adult adaptation of the national bestseller that's perfect for this age of WikiLeaks, the Sony hack, and other events that reveal the extent to which our technology is never quite as secure as we want to believe. Coders and codebreakers alike will be fascinated by history's most mesmerizing stories of intrigue and cunning--from Julius Caesar and his Caesar cipher to the Allies' use of the Enigma machine to decode German messages during World War II. Accessible, compelling, and timely, The Code Book is sure to

make readers see the past--and the future--in a whole new way. "Singh's power of explaining complex ideas is as dazzling as ever." --The Guardian

MANAGING INTELLECTUAL PROPERTY -
VINOD V. SOPLE 2012-07-30

The book presents a comprehensive treatment of Intellectual Property concepts and its applications in Indian industry. Now, in its Third Edition, it includes a new chapter on Valuation of Intellectual Property and numerous cases/caselets in most of the chapters. It

provides a strategic framework for IP management, leading to competitive advantage for a business enterprise. Besides explaining the conceptual framework and practices of IP management, the book discusses IP as a strategic tool, its commercial exploitation and strategies for risk management of IP. Web-based material comprising chapter-wise PowerPoint Presentations (PPTs) and multiple choice questions is available at www.phindia.com/sople. This book is primarily intended as a text for postgraduate students of management, students of engineering and those who are pursuing certificate, postgraduate diploma or degree courses in IPR. In addition, professionals and corporate decision-makers should find the text very valuable. KEY FEATURES : Discusses IPs such as Patents, Copyrights, Trademarks, Trade Secrets, Designs, Semiconductor Circuit Layouts and Geographical Indications, etc. Treats IPRs and Cyber Space and Pharmaceutical sector in separate chapters. Classifies systems in practice

for various IPs. Provides IPRs legal provision in Indian context. Includes a comprehensive glossary of important terms.

Secrets Hidden In The Glass - Cate Beauman
2017-10-08

*READERS' FAVORITE INTERNATIONAL BOOK AWARDS SILVER MEDALIST Three Siblings. One Year. Everything Changes. Stained glass artist Callie Davis is in desperate need of a vacation. Burnt out and on the edge of a nervous breakdown, she's taking refuge on Massachusetts' tiny Carter Island. Callie yearns for long, lazy days and pretty walks on the beach—blessed solitude and an escape from the pressures of her career and complications of her life. Then she bumps into gorgeous Nate Carter, and everything changes. Sheriff Nathan Carter couldn't be happier now that the height of the summer season has finally come and gone. After four endless months, tourists have packed their bags and headed for the mainland. The quiet days of autumn are about to befall the town—the

way Nate and his fellow Sandersonians like it best. But nothing ends up quite the way Nate expects when he meets the beautiful blond with the big blue eyes. Callie's pretty smiles hide secrets—deep, dark mysteries that have the potential to rip apart their lives.

The Simple Secrets to Cooking Everything Better - Matt Preston 2015-10-27

Every great home cook needs a go-to list of delicious, fail-safe recipes, from the perfect crispy hasselback potatoes to the ultimate roast pork with crackling and the foolproof cheesecake that will have people requesting the recipe every time. Nobody is better qualified than Matt Preston to bring you this kind of knowledge, to share with you the secrets to cooking everything better. Matt reveals here for the first time the secrets and tips he has picked up over his many years food writing, TV presenting and working alongside some of the greatest cooks of our time - be they CWA matriarchs or Marco Pierre White. These are the

building blocks for better cooking and they've never been easier to master. This is a specially formatted fixed layout ebook that retains the look and feel of the print book.

The Secrets of Spirituality & Occult - Helena Blavatsky 2019-06-03

This eBook has been formatted to the highest digital standards and adjusted for readability on all devices. This edition uncovers the fundamental unity from which everything springs and shows the Occult side of Nature that has never been approached by the Science of modern civilization. Isis Unveiled The Secret Doctrine The Key to Theosophy The Voice of the Silence Studies in Occultism From the Caves and Jungles of Hindostan Nightmare Tales

Labour in Global Value Chains in Asia - Dev Nathan 2016-10-13

This book brings together a set of studies on labour conditions in global value chains (GVCs) in a variety of sectors, ranging from labour-intensive sectors (garments, fresh fruits,

tourism), to medium and high technology sectors (automobiles, electronics and telecom) and knowledge-intensive sectors (IT software services). The studies span a number of countries across Asia - Bangladesh, Cambodia, China, India, Indonesia, Sri Lanka and Vietnam. This book stands out for its grounded and detailed examination of both what is working and what is not working as Asian labour gets more embedded in global value chains. In trying to identify spaces for progressive action and policies in the current GVC-linked global work environment, the book goes against the grain in searching for an alternative to laissez faire forms of globalisation.

Inside Apple - Adam Lashinsky 2012-01-25
INSIDE APPLE reveals the secret systems, tactics and leadership strategies that allowed Steve Jobs and his company to churn out hit after hit and inspire a cult-like following for its products. If Apple is Silicon Valley's answer to Willy Wonka's Chocolate Factory, then author

Adam Lashinsky provides readers with a golden ticket to step inside. In this primer on leadership and innovation, the author will introduce readers to concepts like the "DRI" (Apple's practice of assigning a Directly Responsible Individual to every task) and the Top 100 (an annual ritual in which 100 up-and-coming executives are tapped a la Skull & Bones for a secret retreat with company founder Steve Jobs). Based on numerous interviews, the book offers exclusive new information about how Apple innovates, deals with its suppliers and is handling the transition into the Post Jobs Era. Lashinsky, a Senior Editor at Large for Fortune, knows the subject cold: In a 2008 cover story for the magazine entitled *The Genius Behind Steve: Could Operations Whiz Tim Cook Run The Company Someday he predicted that Tim Cook, then an unknown, would eventually succeed Steve Jobs as CEO. While Inside Apple is ostensibly a deep dive into one, unique company (and its ecosystem of suppliers, investors,*

employees and competitors), the lessons about Jobs, leadership, product design and marketing are universal. They should appeal to anyone hoping to bring some of that Apple magic to their own company, career, or creative endeavor.

Apples Never Fall - Liane Moriarty 2021-09-14
#1 New York Times Bestseller From Liane Moriarty, the #1 New York Times bestselling author of *Big Little Lies* and *Nine Perfect Strangers*, comes *Apples Never Fall*, a novel that looks at marriage, siblings, and how the people we love the most can hurt us the deepest. The Delaney family love one another dearly—it's just that sometimes they want to murder each other . . . If your mother was missing, would you tell the police? Even if the most obvious suspect was your father? This is the dilemma facing the four grown Delaney siblings. The Delaneys are fixtures in their community. The parents, Stan and Joy, are the envy of all of their friends. They're killers on the tennis court, and off it

their chemistry is palpable. But after fifty years of marriage, they've finally sold their famed tennis academy and are ready to start what should be the golden years of their lives. So why are Stan and Joy so miserable? The four Delaney children—Amy, Logan, Troy, and Brooke—were tennis stars in their own right, yet as their father will tell you, none of them had what it took to go all the way. But that's okay, now that they're all successful grown-ups and there is the wonderful possibility of grandchildren on the horizon. One night a stranger named Savannah knocks on Stan and Joy's door, bleeding after a fight with her boyfriend. The Delaneys are more than happy to give her the small kindness she sorely needs. If only that was all she wanted. Later, when Joy goes missing, and Savannah is nowhere to be found, the police question the one person who remains: Stan. But for someone who claims to be innocent, he, like many spouses, seems to have a lot to hide. Two of the Delaney children think their father is innocent, two are

not so sure—but as the two sides square off against each other in perhaps their biggest match ever, all of the Delaneys will start to reexamine their shared family history in a very new light.

Secrets from the Past - Barbara Taylor Bradford
2013-04-09

From the #1 New York Times bestselling author comes a powerful and emotional novel about one woman's quest to uncover long-buried secrets about her family--secrets she will stop at nothing to uncover, no matter the consequences. At thirty, American photojournalist Serena Stone has already made a name for herself with her unique and dramatic coverage of wars in the Middle East, following in her famous father's footsteps. But after his unexpected death in France, she ends her job at the renowned photo news agency, weary of years of danger. Leaving the front lines behind, Serena returns to New York where she starts work on a biography of her celebrated father. When Serena discovers

that her former lover Zachary North is in trouble overseas, she's forced to leave the safety of her new life, and head back to a place she was trying to escape...and her life will never be the same again. As she brings Zac back to health in Venice, she discovers a shocking secret in the archives of her late father's work. It is a secret that will propel her back to war-torn Libya, risking her life looking for clues that she hopes will piece together the mystery surrounding her parents' marriage and the part of their life together that she never knew. Well-kept secrets, passionate love, obsession, betrayal, redemption, and the power of the past to control the future propel *Secrets from the Past*, the explosive new novel from The New York Times bestselling author Barbara Taylor Bradford

MANAGING INTELLECTUAL PROPERTY :
The Strategic Imperative - VINOD V. SOPLE
2016-06-22

The book, now in its fifth edition, offers a comprehensive treatment of Intellectual

Property concepts and their applications in Indian industry. It provides a strategic framework for IP management, leading to competitive advantage for a business enterprise. Besides explaining the conceptual framework and practices of IP management, the book discusses IP as a strategic tool, its commercial exploitation and strategies for risk management of IP. Web-based material comprising chapter-wise PowerPoint Presentations (PPTs) and Multiple Choice Questions is available at www.phindia.com/sople. This book is primarily intended as a text for postgraduate students of management, students of engineering and those who are pursuing certificate, postgraduate diploma or degree courses in IPR. In addition, professionals and corporate decision-makers should find the text valuable. therapy, alternate delivery, trade dress trademark protection, trademark caution notice, comparative advertising and trademark violation, contributory and vicarious infringement, two statutes for farmers' rights, incremental innovation, piracy in fashion design, patentable or not patentable biotech inventions have now been incorporated in the respective chapters. • More cases/caselets have been introduced in the present edition. KEY FEATURES • Discusses IPs such as Patents, Copyrights, Trademarks, Trade Secrets, Designs, Semiconductor Circuit Layouts and Geographical Indications, etc. • Practices issues of IPRs in Cyber Space, Fashion Design, Biotechnology and Pharmaceutical industry. • Classifies systems in practice for various IPs. • Provides IPRs legal provision in Indian context. • Includes a comprehensive glossary of important terms. • Encloses CD-ROM containing Intellectual Property Rights' laws in India as per the latest amendments.

Positioning the Academic Library within the University - Leo Appleton 2021-05-14

Academic libraries are facing uncertain times. The international higher education environment is very volatile and academic libraries and librarians can play a major role in helping to strategically position their parent institution within it. In doing so, there needs to be clarity as to what the position of the academic library is with regard to the role and function it has within the university and how library leadership can have pan-institutional influence and impact. There are several ways in which the academic library can position itself and this collection demonstrates many of these. Strategic alignment with the university and its mission is a fundamental part of successful positioning, as is being flexible, adaptable and responsive to changing needs, requirements and expectations. Developments in research support and scholarly communications, as well as super-convergences with other academic support departments, are

examples of such responsiveness. These topics along with other emerging themes, such as library functions and institutional partnerships and collaborations, are all discussed in the book and provide the reader with a rich variety of reflections and case studies on how academic libraries, from across the globe, have addressed their position within their institution. This book was originally published as a special issue of the journal *New Review of Academic Librarianship*.
Revolutionary Nostalgia - Marie-Cécile Cervellon
2018-10-31

Long regarded as a maudlin mental state, nostalgia is everywhere and has been reimagined as a signifier of good mental health. It is no longer the bailiwick of right-wing reactionaries but a crucible of critical thinking and revolutionary intent. This book explores the revolution in nostalgia and the nostalgia in revolution.

Secrets of the Apple - Paula Hiatt 2012-06-01
Divorced Japanese businessman Ryoki Tanaka

finds himself unaccountably drawn to his temporary assistant, Kate, while in California for a business deal, and takes her with him to Brazil to conclude the deal.

Successful Farming - 1913

Includes various special sections or issues annually: 1968- Harvesting issue (usually no. 7 or 8); 1968- Crop planning issue (usually no. 12; title varies slightly); Machinery management issue (usually no. 2); 1970- Crop planting issue (usually no. 4; title varies slightly).

Secrets of the Apple Tree - Carron Brown
2015-07-01

This beautifully illustrated book will introduce children to the joys of nature, and show them what wonderful secrets are revealed if you just look a little closer. By holding a light behind each page, children can see the creatures who make a tree their home, from the worms who live among the roots to the birds who nest high up in the branches. The clever 'see-through' reading technique creates an experience of

interactive learning, showing both the surface and what is hidden underneath at the same time.

The One Device - Brian Merchant 2017-06-20

The secret history of the invention that changed everything-and became the most profitable product in the world. NATIONAL

BESTSELLERShortlisted for the Financial Times Business Book of the Year Award One of the Best

Business Books of 2016 - CNBC, Bloomberg, 1-800-CEO-Read "The One Device is a tour de

force, with a fast-paced edge and heaps of analytical insight." -Ashlee Vance, New York

Times bestselling author of Elon Musk "A stunning book. You will never look at your

iPhone the same way again." -Dan Lyons, New York Times bestselling author of Disrupted Odds

are that as you read this, an iPhone is within reach. But before Steve Jobs introduced us to

"the one device," as he called it, a cell phone was merely what you used to make calls on the go.

How did the iPhone transform our world and

turn Apple into the most valuable company ever?

Veteran technology journalist Brian Merchant reveals the inside story you won't hear from Cupertino-based on his exclusive interviews with the engineers, inventors, and developers who guided every stage of the iPhone's creation. This deep dive takes you from inside One Infinite Loop to 19th century France to WWII America, from the driest place on earth to a Kenyan pit of toxic e-waste, and even deep inside Shenzhen's notorious "suicide factories." It's a firsthand look at how the cutting-edge tech that makes the world work-touch screens, motion trackers, and even AI-made their way into our pockets. The One Device is a roadmap for design and engineering genius, an anthropology of the modern age, and an unprecedented view into one of the most secretive companies in history. This is the untold account, ten years in the making, of the device that changed everything.

The Secrets of the Old Mansion - Michael J. Benton 2011-03-11

This novel is a work of fiction; Names, places,

Characters, and incidents either are the products of the Author's imagination/and/or use fictional; Any resemblance to actual persons, (except where used by permission, or the Author himself) living or dead, events, or locales, is entirely coincidental; NOTE: Although this book is fictional, some of the ideas and events are based upon the personal life of the Author. Some Cities, states, counties and places are real. This will give the reader a general idea of the time, place and era the Author is using. Written with all ages in mind, this story focus on secrets and mysteries which are uncovered when Mike Benton arrives in Ellisville to look over his inheritance of the huge three story Benton Mansion and the Plantation left to him by his late uncle, John Benton. NOTE: While this book is written with all age groups in mind, and while it is semi-Christian, and based upon the faith the boys and Mike have in the Lord, there are a few words and scenes which vary, but are the everyday life style of people. This book is meant

for entertainment and to help the readers, regardless of age, to know what it's like just to be human.

Corporate Entrepreneurship and Innovation - Paul Burns 2020-02-15

Written by a highly regarded expert on entrepreneurship, this bestselling textbook provides an engaging and comprehensive overview of corporate entrepreneurship. Now in its fourth edition and fully revised throughout, this accessible text is structured in four key parts that cover everything a student needs to know about the topic. After an initial consideration of what constitutes corporate entrepreneurship and innovation, the author then guides students through the four pillars of entrepreneurial architecture: culture, structure, leadership and strategy. The third section focusses on the entrepreneurial mind-set, including how to encourage creativity, business ideas and developing concepts. Finally, the book draws attention to corporate venturing,

examining venture teams, intrapreneurs, market development and the role of shareholder value. It is no longer sufficient for businesses to grow simply by cutting costs and taking over competitors. To achieve true success, organisations must avoid an ageing product or service portfolio to bring new, innovative ideas to market. Corporate entrepreneurship is inherently risky and therefore requires a fresh approach to strategy. The approach Paul Burns offers will successfully overcome barriers to launching new ideas, internal challenges of managing creativity and show how to foster an entrepreneurial culture. This is the go-to textbook for all students studying Corporate Entrepreneurship, Intrapreneurship or Corporate Venturing at undergraduate, postgraduate or MBA level. The book is also essential reading for courses on Strategic Entrepreneurship and Innovation. New to this Edition: - Fully revised and updated content throughout with new four-part structure - Brand

new case studies in every chapter, featuring some of the world's highest profile companies from across the globe - A greater focus on innovation, including a new chapter on this topic at the start of the book - New chapters on 'Developing a Business Model', 'Managing Change' and 'Managing Risk' - New on-page glossary with key terms highlighted in the text and defined in the margins - New Activities and Group Discussion topics at the end of each chapter

Science Secrets - Alberto A. Martinez
2011-05-29

"Accessibly written in an engaging style, this book examines classic popular stories in the history of science. Some of the myths discussed include Franklin's Kite, Newton's Apple, and Thomson's plum pudding model of the atom. Martn ez successfully holds readers' attention by relying on rich documentation from primary sources to debunk speculations that have become reified over time. He argues that

although scientists have disagreed with one another, the disagreements have been productive. Features includes extensive primary source documentation and detailed explanations of how to compare contradictory sources in order to determine which accounts are truly valid"-- Provided by publisher.
