The Practical Guide to Managing Nonprofit Assets - William F. Schneider 2005-03-18

"The authors have provided an interesting and helpful resource to understand and manage the nonprofit organization's investments. I believe that this book should be in the library of all nonprofit practitioners that are concerned about prudent stewardship." —Jim Croft, PhD, Vice President, Finance and Administration The Field Museum (Chicago, Illinois) "This book is a straightforward, well-written guide to the strategies and administration of investment assets of nonprofit institutions. It relies on the principles of modern portfolio theory in emphasizing asset diversification, performance measurement, and careful manager selection. It debunks much of what passes for 'investment advice' in the popular media. To their credit, the authors describe the challenges, factors, and actors in the investment industry, from the perspective of the individuals and committees charged by nonprofit institutions with investment oversight responsibility." —John E. Allerson, Senior Vice President, Finance and Operations and Chief Financial Officer, Roosevelt University (Chicago, Illinois) "I would consider this book 'Investments 101' for anyone who deals with overseeing investments of a company, whether it is a profit or nonprofit. Yet, at the same time, it would help all investors, small or large, in dealing with their own individual portfolios. DiMeo, Schneider, Benoit, et al. have organized the book in such a way that each chapter deals with the very essence of how to structure an investment portfolio and how to look at the complex environment in an easy way." —Kevin Higdon, Vice President of Finance Elkhart General Hospital (Elkhart, Indiana) "From modern portfolio theory to the role of the fiduciary, *The Practical Guide to Managing Nonprofit Assets* provides trustees of nonprofit funds with a chapter-by-chapter explanation of what they should know to carry out their responsibilities. For the uninitiated, it creates a foundation for understanding investing in a difficult environment. For the experienced, it serves as a checklist of issues to be considered in exercising appropriate investment oversight." —Thomas H. Hodges, Executive Vice President, Finance, and Treasurer Evanston Northwestern Healthcare (Evanston, Illinois)

A Desktop Guide for Nonprofit Directors, Officers, and Advisors - Jack B. Siegel 2006-06-05

How to keep any nonprofit out of trouble, running smoothly, and accomplishing its mission "Jack Siegel--lawyer, accountant, management consultant, and computer whiz--takes the putative director or officer of a nonprofit organization on a useful and often entertaining voyage throughout the realm of the tax-exempt organizations universe, pointing out its quirks, foibles, and legal liabilities along the way. His handbook will make mandatory--and arresting--reading for those who are already serving as trustees, directors, officers, and key employees of exempt organizations, particularly charitable ones. Siegel's goal, in which he succeeds, is to help directors and officers of nonprofit organizations 'make better decisions.' The book is full of large policy analyses and paragraphs on the details, such as board size, board committees, board meeting formats, the contents of minutes, and the duties of officers. Salted with some excellent real-life examples, what also sets this book apart from most in its genre is the tone: the writing style, the brusqueness, the bluntness. He complains that too many directors 'check their good judgment at the boardroom door.' He advises individuals who 'desire agreement and demand adulation' to stay off boards; he insists on 'commitment' and 'institutional tension' with the executive director. He warns prospective directors that some organizations want, in addition to time and judgment, 'either your money or your ability to raise money.' To my delight, he extols the virtues of 'some level of expenditures' for qualified lawyers and accountants. Please join me in adding this most helpful handbook to your nonprofit library." --Bruce R. Hopkins, Attorney at Law, author of *The Law of Tax-Exempt Organizations*, Eighth Edition and *Starting and Managing a Nonprofit Organization: A Legal Guide*, Fourth Edition
