The White Tiger - Aravind Adiga 2008-04-22

SOON TO BE A MAJOR MOTION PICTURE The stunning Booker

Prize-winning novel from the author of *Amnesty* and *Selection Day* that critics have likened to Richard Wright's *Native Son*, *The White Tiger* follows a darkly comic Bangalore driver through the poverty and corruption of modern India's caste society. "This is the authentic voice of the Third World, like you've never heard it before" (John Burdett, Bangkok 8). The white tiger of this novel is Balram Halwai, a poor Indian villager whose great ambition leads him to the zenith of Indian business culture, the world of the Bangalore entrepreneur. On the occasion of the president of China's impending trip to Bangalore, Balram writes a letter to him describing his transformation and his experience as driver and servant to a wealthy Indian family, which he thinks exemplifies the contradictions and complications of Indian society. Recalling *The Death of Vishnu* and Bangkok 8 in ambition, scope, *The White Tiger* is narrative genius with a mischief and personality all its own. Amoral, irreverent, deeply endearing, and utterly contemporary, this novel is an international publishing sensation—and a startling, provocative debut.

Along Came a Duke - Elizabeth Boyle 2012-05-29

"Wit, passion, and adventure, Elizabeth Boyle has it all!" —Julia Quinn
New York Times bestselling RITA® Award winner Elizabeth Boyle is a wonder, and with *Along Came a Duke*—the first book in her delectable Rhymes with Love series based on well-known nursery rhymes—she proves once more that no one writes wittier, more endearing and original historical romance. Returning once more to England during the colorful Regency Era, Boyle transports readers to the small town of Kempton, where a local curse prevents the female residents from wedding—a fact that cannot deter a plucky young heiress who needs to marry to inherit her fortune, as she strikes out for London to wed a rakish and unsuspecting duke. Funny, touching, and wonderfully sensuous, *Along Came a Duke* is a prime example of the exceptional romantic magic that puts Elizabeth Boyle in the same master class as Lisa Kleypas and Christina Dodd.

Mathematics for the Life Sciences - Erin N. Bodine 2014-08-17

An accessible undergraduate textbook on the essential math concepts used in the life sciences The life sciences deal with a vast array of

problems at different spatial, temporal, and organizational scales.
