A Suitable Boy - Vikram Seth 2013-06-26

Acclaimed as one of the greatest novels of the last century, Vikram Seth's A Suitable Boy remains, twenty years after publication, one of the most entrancing and spellbinding works of fiction yet written. A love story as well as the tale of a country awakening from long years of colonial rule, it tells of Lata, and of her mother's exacting attempts to find her the perfect husband. It also recounts India's troubles shaping its own destiny as the country marches towards its first great General Election. It is a story that readers the world over can neither put down nor ever forget. 'Fiction on a grand scale. By the time you reach the last page you will have absorbed a splendid story, full of the tangle and perfume of India.' Sunday Telegraph 'Vivid, evocative and beautifully written.' Literary Review 'No one, surely, could wish this novel shorter. The greatness of the novel, its unassailable truthfulness, owes less to research than to imagination, an instinctive knowledge of the human heart.' Observer 'This novel, so vast and so amiably peopled, is a long, sweet, sleepless pilgrimage to life.' Guardian 'A phenomenon, a prodigy, a marvel of nineteenth-century style storytelling.' Evening Standard 'Seth is the best writer of his generation.' The Times

Unknown Bodies: Mothers Daughters and Adoption - Janine Veto 2021-04

The dramatic story of one woman's determined surprising search for her birth parents and commitment to creating her own family Madison WI- Janine Veto's "Unknown Bodies: Mothers Daughters and Adoption" is a brutally and beautifully honest story that begins on a Villa Park, Illinois, playground when her playmate calls her "bastard." Until then she thought being adopted was happily special. Her life had been privileged, secure and typically 1950s American: Dad, mom, brother, church on Sunday, lakeside summers in northern Wisconsin. Suddenly Veto felt she was "misplaced." The need to find her so-called "real parents" grew. It was a need that would take decades as well as drive, cunning, a little thievery and a lot of spunk. It also was a need fueled by alcohol, sex and

disillusion. Set in the arts and philanthropy worlds of Chicago and New York as well as an Iowa farm, a Denver sports bars and a Midwestern university town, it is memoir of a Boomer in search of her identity in the rapidly changing landscape of America. "Unknown Bodies" explores the meaning of mother, both as noun and verb, and identity. It continues, on a deeply personal level, the debates about closed vs. open adoption and nature vs. nurture. Accented with her own poetry, Veto writes with candor and insight that is distinctly her own but relatable to adoptees and enlightening for non-adoptees. Ultimately, the message of "Unknown Bodies" is love; the unconditional love of Veto's adoptive parents, accepting and forgiving love for her broken "real parents", and the bonding love between Veto and her own adopted daughter.

The Philosophy of Psychology - George Botterill 1999-08-19

What is the relationship between common-sense, or 'folk', psychology and contemporary scientific psychology? Are they in conflict with one another? Or do they perform quite different, though perhaps complementary, roles? George Botterill and Peter Carruthers discuss these questions, defending a robust form of realism about the commitments of folk psychology and about the prospects for integrating those commitments into natural science. Their focus throughout the book

is on the ways in which cognitive science presents a challenge to our common-sense self-image - arguing that our native conception of the mind will be enriched, but not overturned, by science. The Philosophy of Psychology is designed as a textbook for upper-level undergraduate and beginning graduate students in philosophy and cognitive science, but as a text that not only surveys but advances the debates on the topics discussed, it will also be of interest to researchers working in these areas.
